

MyFace2FaceMD™ is Expanding!

Over the past several months we have had the pleasure of serving patients in North Carolina, Tennessee, Georgia & Florida. We are thrilled to announce that MyFace2FaceMD™ is now offering telemedicine services in **two more** states! We have expanded our telemedicine services to Alabama & South Carolina. Check out the new MyFace2FaceMD™ availability map below.

MyFace2FaceMD™ previous states are highlighted in white, new states are highlighted in orange.

MyFace2FaceMD™ is proud to provide patient-centered care through our telemedicine service in the six states shown above. If you haven't used MyFace2FaceMD™ for your non-emergent needs, here are a few things to keep in mind:

- All MyFace2FaceMD™ healthcare providers are board certified & licensed
- MyFace2FaceMD™ is cheaper than most copays – a visit is only \$49.95
- You do **NOT** need health insurance to use MyFace2FaceMD™ telemedicine services
- MyFace2FaceMD™ is HIPPA compliant, safe, & secure
- As a patient, you have easy access to your medical records 24/7

Medical Bytes... Now I get it!

Have you ever heard of Cliff Notes? Great! MyFace2FaceMD™ has created its own version of "The Cliff Note" called Medical Bytes.

This is where you can find physician reviews on trending health topics that are easy to read & understand.

Check out our latest Medical Byte in our newsroom:

Don't Stress Over RLS
